Undermining Our Food Bowls

How CSG & mining are threatening future food: Voices from the frontline

Hear about the fight against mining and coal seam gas from leading activists in the prime agricultural region of the Liverpool Plains, as well as from Doctors for the Environment.

More than half of NSW is covered by titles for coal, mineral or CSG exploration or production however the question of what this means for food production is yet to be answered.

PRESENTATIONS INCLUDE:

Video 'Utter Madness' – Gives a great 7 minute visual presentation of the landscape in the contested Liverpool Plains (Caroona)

Tim Duddy -- Caroona Coal Action Group (CCAG) Spokesperson

Rosemary Nankivell – CSG Committee Chairperson, CCAG, organiser of recent successful blockade against Santos

Helen Redmond – Doctors for the Environment
